

December 2023

Letter of Recommendation for Stewart Kiely

To whom it may concern:

I am writing this reference at the request of Stewart Kiely who has worked with me for 18 months where he has showcased his project management skills and dedication.

Stewart's technical expertise was outstanding, as evidenced by his ability coordinate the site master planning workshops, pull together the specific requirements of the 3 different operations and submit and manage a successful government grant application, all of which has significantly contributed to the feasibility of our project. Stewart quickly adapted to new challenges and demonstrated a keen understanding of complex project requirements.

As a Project Manager, Stewart has also been instrumental in overseeing the relocation and refurbishment of our new facility in Rowville Victoria, managing service requirements, and stakeholder engagement. His proficiency in these areas has been pivotal to the successful completion of this project under his supervision.

Stewart is known for his proactive communication style, ensuring that all team members and stakeholders are well-informed throughout the project lifecycle. His dedication to keeping everyone in the loop contributes to a positive team environment and successful project outcomes.

In conclusion, I have no hesitation in recommending Stewart for complex project management and I am confident that he will bring the same level of expertise and dedication to your organisation.

Sincerely,

Reuben Jensen - COO
